Dr Dave Lütkenhaus

Innovation, transformation and sustainability that create measurable business value.

Dr Davidson Lütkenhaus, Dave, is an international innovation and transformation executive with more than two decades of experience turning innovation into scalable business growth. He has held global leadership roles at Diageo, L'Oréal, Dow and P&G, leading innovation and transformation platforms across five continents. He is the founder of EnvironUp, a boutique consultancy for innovation and sustainability leadership, has lectured at NYU Stern, and holds a PhD in Chemical Engineering from the University of Birmingham, UK, with executive education from MIT, Harvard and Cambridge. He is the author of *Beyond Transformation: The New ROI, Return on Innovation™*, and his work closes the gap between a good idea and the value it creates.

INNOVATION

It's time to ditch the 'move fast and break things' innovation playbook

Speed alone, detached from purpose and consequence, is unsustainable innovation.

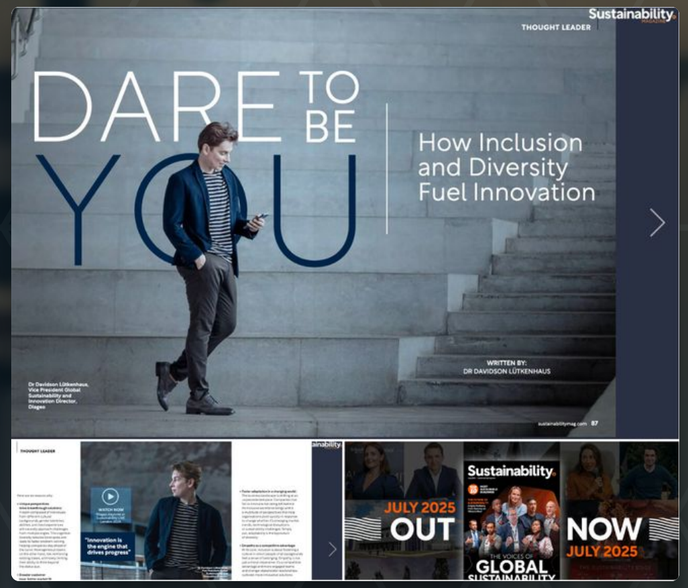

By Davidson Lutkenhaus, Alison Taylor | August 18, 2025

Por que as empresas mudam tudo, exceto o que realmente importa

Por Dr Davidson Lütkenhaus

FAST COMPANY

ÉPOCA NEGÓCIOS

Por que a IA pode acelerar decisões, mas também erros
